Present: Gretchen Conti, Maureen Mason

The meeting was called to order at 11:00 am.

1. **BOARD DEVELOPMENT PLANNING**

The committee reviewed and discussed a draft inquiry survey, which will be shared with the board at the December meeting for consideration. Trustees will be invited to shape and refine their own inquiry questions for further discussion in January, at an in-camera meeting.

Looking ahead to the election year, the committee noted the need for clearer public understanding of the trustee role and a coordinated orientation for the next board. Ideas included a phased orientation model and community-facing information before the election

2. **ADJOURNMENT**

The meeting adjourned at 11:51 am
