

Auditory Outreach News

September 2025

Welcome Back to School!

Welcome to a new school year that promises to be a great one! We hope you all enjoyed the summer and we look forward to another year of collaboration and supporting students. Please remember to let us know if your team has had any staffing changes so we can update our contact lists. Cheers from our team to yours!

What's New?

- **Exciting news! Auditory Outreach is now loaning speech to text equipment. Resources, information and new forms will be sent out next week. Watch your inbox!**
- **Please help us welcome a new SLP to the Auditory Outreach consult team! Sydney Torok comes with exceptional knowledge, skills and enthusiasm. We can't wait for you to meet her!**
- **Last year's virtual student groups for individuals with cochlear implants were a big hit! In collaboration with the CI team from BCCH, we plan to host more groups for students aged 10-18 who are able to participate in virtual sessions. If you have a student that should be considered, please email lora.baker@sd47.bc.ca.**
- **Auditory Outreach is doing more to include the wonderful independent schools that support our students. We've launched a separate newsletter for them, so please share if we've missed anyone.**

Upcoming Auditory Outreach Events:

1. **Introduction to Auditory Outreach Webinar** (for new TDHHs, Audiologists, or independent school staff):
Thursday, September 18th, 12-1245pm
[CLICK HERE TO REGISTER](#)

Reminders

- For students new to Auditory Outreach, we are required to confirm registration status and student info (legal name, DOB, PEN) with schools directly. We appreciate you letting schools know to expect a phone call from us.
- On requests, please make sure the shipping address is correct and includes the building name and contact person.
- Hang on to Canada Post bubble envelopes as they can now be used to return equipment back to us.
- Generate Canada Post Return Labels here : [AO PRP Return Labels](#)
- We recently updated our forms. Check our website and use the most recent version.
- To prevent losses please remove and charge equipment at the end of each day.
- Please replace tubes and domes for Roger Focus receivers at least every 3 months to ensure optimal functioning. A set of tubes and domes are included with the initial loan. Replacements can be requested from the public health audiology clinic.
